### Art

J.K Rowling's new book currently has no illustrations. After reading Chapter 2: The Ickabog, have a go at designing an Ickabog. Even though the Ickabog appears to take on different appearances, you can use the information from the text to give you some inspiration.

#### For example:

*The Ickabog lives on the 'misty marsh' and some believe it is 'dragonish'.*

When I read this, I imagine that the Ickabog's body is made of scales which are covered in dripping green slime from the marsh.

There are competitions for other illustrations for the book, such as designing the flag for Cornucopia, available using this link.
