Watch the clip on rivers and read the information provided. Sheffield was built on 5 rivers. Can you name them?  
 We thought about rivers during our work on the water cycle.

Researching and thinking about what you know, can you label the main parts of a river? You might want to have a go at making your own 3d river. Where do you know rivers start? Where do they end? Use the keywords: source, mouth, riverbank, tributaries and valley
