Dear Families

TOOTHBRUSHING PROGRAMME

To keep your child’s mouth healthy, it is important to follow advice on good diet and eating habits, attend the dentist regularly and encourage a regular routine of good brushing using fluoride toothpaste.

We are taking part in a toothbrushing programme whereby the children will all brush their own teeth daily. Each child will have their own toothbrush, which is stored under controlled conditions. All children will be supervised while brushing their teeth by staff.

All children are encouraged to take part, although this should **not** replace children brushing their teeth at home.

Yours sincerely,
Mrs Casey

Please return this slip if you **do not** give permission for your child to take part in the toothbrushing programme at nursery, using fluoride toothpaste.

Toothbrushing – Nursery

Name of child

I do not want my child to take part.
